Independent Auditors' Report

To the Rapides Finance Authority
Alexandria, Louisiana

We have audited the accompanying basic financial statements of the Rapides Finance Authority, a component unit of the Rapides Parish Police Jury, as of July 31, 2006 and for the year then ended, as listed in the table of contents. These financial statements are the responsibility of the Rapides Finance Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Rapides Finance Authority, as of July 31, 2006, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated January 18, 2007, on our consideration of the Rapides Finance Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming an opinion on the financial statements that comprise the Rapides Finance Authority's basic financial statements. The accompanying schedule of per diem paid to Board Members is presented for purposes of additional analysis and is not a required part of the basic financial statements of Rapides Finance Authority. The schedule of per diem paid to Board Members has been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion And Analysis

July 31, 2006

This section of the Rapides Finance Authority's annual financial report presents our discussion and analysis of the Authority's financial performance during the year ended July 31, 2006. This section should be read in conjunction with the financial statements that appear in the following section:

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements report information about the Authority as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. Furthermore, the basic financial statements include all of the Authority's assets and all of the Authority's liabilities (including long-term debt). Expenses incurred in connection with the operation of the Authority's loan programs are reported as business-type activities.

FINANCIAL ANALYSIS OF THE AUTHORITY

This portion of the management's discussion and analysis provides a comparative financial analysis.

Balance Sheet

A condensed version of the Authority's Balance Sheet is presented as follows:

	<u>July 31, 2006</u>	<u>July 31, 2005</u>
<u>Assets:</u>		
Current and Other Assets	\$ 28,329,788	\$ 21,565,069
Capital Assets	----	----
Total Assets	28,329,788	21,565,069
<u>Liabilities:</u>		
Current and Other Liabilities	23,367,154	16,200,327
Long-term Liabilities	----	----
Total Liabilities	23,367,154	16,200,327
<u>Net Assets:</u>		
Restricted	575,006	1,100,682
Unrestricted	4,387,628	4,264,060
Total Net Assets	\$ 4,962,634	\$ 5,364,742

At July 31, 2006, the Authority's assets exceed liabilities by \$4,962,634. The authority does not own any property or equipment, accordingly it has reported no capital assets. A portion of the Authority's net assets (11.6%) are restricted for debt service. The remaining unrestricted net assets (88.4%) may be used to meet the Authority's ongoing obligations and conduct program activities.

Rapides Finance Authority

Management's Discussion And Analysis **July 31, 2006**

Revenues, Expenses and Changes in Net Assets

A condensed version of the statement of revenues, expenses and changes in net assets is presented as follows:

	For the Year Ended	
	July 31, 2006	July 31, 2005
Operating Revenues	\$ 902,280	\$ 801,546
Operating Expenses	1,264,692	865,642
Operating Income (Loss)	(362,412)	(64,096)
Nonoperating Revenues (Expenses)		
Interest on deposits and investments	486,881	173,182
Economic development assistance	-----	(200,000)
Net increase (decrease) in fair value of investment securities	(526,577)	(209,525)
Total Nonoperating Revenues (Expenses)	(39,696)	(236,343)
Net Income (Loss)	\$ (402,108)	\$ (300,439)

The operating loss is offset by interest on temporary investments. In accordance with the bond indenture, the Authority intends to avoid future operating losses by using proceeds from temporary investments in the following manner:

- Proceeds from temporary investments will be used to produce additional loans to first time home buyers. Interest resulting from these loans will provide additional operating income.
- Proceeds from temporary investments not needed to produce additional loans will be used to reduce debt that was issued to finance the first time home buyer program. Interest savings resulting from a reduction in debt will result in a corresponding reduction in operating expenses.

The Authority provides funds for producing loans to first time home buyers by acquiring securities that are backed by a portfolio of loans to first time home buyers. Accordingly, the Authority has a portfolio of mortgage backed securities and the fair market value of the mortgage backed security portfolio tends to fluctuate in response to market conditions. Recent decreases in the market value of mortgage backed securities has contributed to the net loss for the year ended July 31, 2006. However, since mortgage backed securities will be held to maturity, temporary changes in market value do not effect the financial stability of the first time home buyer program or the Authority's ability to meet its obligations.

Rapides Finance Authority

Management's Discussion And Analysis **July 31, 2006**

CAPITAL ASSET ADMINISTRATION

The Authority's activities are limited to providing financing for worthwhile activities in Rapides Parish, including conducting programs for first time homebuyers. The Authority has not acquired any capital assets in connection with these activities.

DEBT ADMINISTRATION

For the year ended July 31, 2006, has issued Series 2005 Single Family Mortgage Revenue Bonds for the purpose of financing the origination of mortgage loans for first time home buyers. In addition, substantial payments were made on the Authority's existing debt as required by various bond indentures. Changes in the Authority's outstanding debt are presented as follows:

	<u>Beginning Balance</u>	<u>New Borrowing</u>	<u>Debt Reduction</u>	<u>Ending Balance</u>
Series 2005 Bonds	\$ ----	\$ 9,814,533	\$ ----	\$ 9,814,533
Series 2003 Bonds	9,595,739	1,606,858	(2,701,235)	8,501,362
Series 2001 Bonds	3,934,978	----	(1,102,461)	2,832,517
Series 1998 Bonds	2,569,935	----	(594,034)	1,975,901
Total	\$ 16,100,652	\$ 11,421,391	\$ (4,397,730)	\$ 23,124,313

FACTORS EXPECTED TO EFFECT FUTURE OPERATIONS

Factors that are expected to have a significant effect on the Authority's future operations are described as follows:

- The Authority expects to use the remaining proceeds from the Series 2005 bond issue to originate mortgage loans for first time home buyers at prevailing market rates.
- The Authority intends issue additional revenue in order to finance continued origination of mortgage loans for first time home buyers.

RAPIDES FINANCE AUTHORITY

Notes To Financial Statements

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES:

The Rapides Finance Authority, formerly known as Rapides Parish Housing and Mortgage Finance Authority, was created through a trust indenture dated December 14, 1978. The Authority is organized as a Public Trust as defined by state law. Rapides Parish is the designated beneficiary of the trust. The Authority's primary activity is conducting loan programs for first time home buyers.

Reporting Entity:

The Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of a financial reporting entity. The basic criterion for including a potential component unit within a reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the reporting entity to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Authority is a component unit of the Rapides Parish Police Jury. The accompanying component unit financial statements present information only on the funds maintained by the Authority and do not present information on the police jury, the general government service provided by that governmental unit, or other governmental units that comprise the financial reporting entity.

Basis of Presentation:

The Authority uses an enterprise fund for financial reporting purposes. Enterprise funds are proprietary funds used to account for business-like activities. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. Due to these similarities, proprietary funds are allowed to follow certain pronouncements that are developed by the Financial Accounting Standards Board (FASB) for business enterprises. However, the Authority only applies those FASB pronouncements that were issued on or before November 30, 1989.

Notes To Financial Statements

Measurement Focus and Basic of Accounting

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied.

The Authority's enterprise fund utilizes an economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets, financial position, and cash flows. All assets and liabilities associated with their activities are reported. Proprietary fund equity is classified as net assets.

In addition, the Authority's enterprise fund utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when the liability is incurred.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. Since the Authority's principal operations involve specialized lending activities, interest earned from loans and mortgaged backed securities are reported as operating revenues. In addition, interest incurred in connection with debt issued to finance first time home buyer mortgage loan programs is reported as an operating expense.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents:

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments.

Statement of Cash Flows:

For the purpose of reporting cash flows, cash and cash equivalents includes all cash on hand, cash in banks and certificates of deposit. Since the Authority's principal operations involve specialized lending activities, the following receipts and disbursements are reported as cash flows from operating activities:

- Payments to originate loans.
- Receipt of principal and interest collected from borrowers.
- Payments to acquire mortgage backed securities
- Receipts from paydowns and interest associated with mortgage backed securities.
- Payment of interest incurred in connection with bonds issued to finance loan origination and mortgage backed security acquisition.

RAPIDES FINANCE AUTHORITY

Notes To Financial Statements

Deferred Financing Cost:

The Authority has incurred various financing costs including underwriting fees, trustee fees, various professional fees, and gains or losses on the refunding of certain debts in connection with issuing bonds. In accordance with generally accepted accounting standards, recognition of these costs has been deferred and amortized over the expected life of the applicable bond issue. The annual amortization reported as a component of the Authority's interest expense. Amortization is computed using methods that are intended to approximate recognition of a constant rate of interest expense.

Restricted Resources:

A substantial portion of the Authority's resources are restricted by the terms of various bond indentures. For expenditures that satisfy restrictions, restricted resources are exhausted before utilizing any unrestricted resources.

Investments:

The Authority is authorized by state law and its trust indenture to acquire certain investment securities including obligations of the United States or its agencies. Investments are reported at fair value based on quotes provided by the Authority's bond trustee.

Certain investment contracts held by the Authority are not negotiable and the value of these contracts is not effected by financial markets. Accordingly, these investment contracts are reported at cost.

NOTE 2 – CASH AND EQUIVALENTS:

Cash on deposits and cash equivalents at July 31, 2006 consisted of the following amounts:

	<u>Cash on Deposit</u>	<u>Cash Equivalents</u>	<u>Total</u>
Deposits held by Rapides Parish Police Jury's fiscal agent in the Police Jury's bank account	\$ 2,333,906	\$ ----	\$ 2,333,906
Money Market Mutual Fund	----	20,804	20,804
Highly liquid short-term investments administered by the bond trustees	----	363,388	363,388
Total Cash and Cash Equivalents	2,333,906	384,192	2,718,098

Unrestricted Cash and Cash Equivalents	<u>\$ 2,333,906</u>	<u>\$ 20,804</u>	<u>\$ 2,354,710</u>

Cash on deposit is collateralized by securities pledged to the Rapides Parish Police Jury. The cash equivalents are considered uninsured and unregistered securities held in the Authority's name. These cash equivalents are not rated but are not subject to any significant credit or interest rate risk.

Credit Risk

The Finance Authority typically manages credit risk by limiting investments that are guaranteed by the United States government, agencies of the United States government or private guarantors with substantial financial resources. The investments described above are typically not rated by recognized credit rating agencies. Information regarding credit risk is provided as follows:

- The GNMA securities are guaranteed by the full faith and credit of the United States government.
- The remaining mortgage backed securities are guaranteed by agencies chartered by the United States government. The government agencies providing these guarantees are typically rated AAA by Standard and Poor's and Moody's.
- The guaranteed investment contracts are guaranteed by private organizations. The guarantors are investment grade Standard and Poor's and Moody's.

Custodial Risk

The mortgage backed securities are uninsured and unregistered securities held on behalf of the Finance Authority by various bank trust departments. The guaranteed investment contracts are not evidenced by securities that exist in physical or book entry form; therefore, these investments are not subject to custodial credit risk.

RAPIDES FINANCE AUTHORITY

Notes To Financial Statements

Interest Rate Risk

Since funds can be withdrawn from guaranteed investment contracts without limitations, these investments are not exposed to interest rate risk. Interest rate risk associated with mortgage backed securities is offset by the terms of bond issues that finance the acquisition of mortgage backed securities. Since the bond issues provide access to funds needed for investment at fixed rates, any financial impact from unfavorable changes in interest rates is minimized.

Maturity Schedule

Mortgage backed securities mature in monthly installments that are based on the payment history associated with underlying pools of single family home mortgages. Since the payment history is influenced by prepayment of mortgage obligations, it is not practical to provide a maturity schedule associated with the mortgage backed securities.

NOTE 4 – LOANS RECEIVABLE:

The Authority engages in a variety of lending activities which are intended to benefit Rapides Parish. Loans receivable at July 31, 2006 are summarized as follows:

Loans to various local governmental units earning interest at rates ranging from 4.5% to 6.5%.	\$ 635,000
Loans placed on non-accrual status due to a default by the borrower. Collateral associated with these loans is believed to have limited value; therefore, a reserve for losses has been established in connection with these loans.	<u>193,676</u>
Total loans	828,676
Reserve for loan losses	<u>(193,676)</u>
Loans net of reserve for loan losses	<u>\$ 635,000</u>

As described above, a portion of the Authority's loan portfolio has experienced default. Accordingly, it was necessary to establish a reserve for potential losses. Changes in the allowance for loan losses are presented as follows:

Notes To Financial Statements

Revenue bonds have an original par value of \$10,000,000 and an interest rate of 4.65%. Interest is payable in semi-annual installments due on May 1st and November 1st of each year. The bonds are limited and special obligations of the Rapides Finance Authority payable solely from receipts generated by the Authority's Home Mortgage Loan Program (the Program); however, certain exceptions to this payment scenario are provided by redemption provisions that are described as follows:

From Unexpended Proceeds:

The bonds are subject to redemption from any proceeds that are not used to fund the Program or related cost by November 1, 2006. This redemption date may be extended under certain circumstances; however, it may not be extended beyond April 1, 2009.

Optional Redemption:

At the Authority's option, the bonds may be redeemed on or after May 1, 2015 from any available source of funds. An optional redemption may be in whole or in part at 100% of the outstanding principal balance.

Since maturity of the amounts presented above is influenced by the collection of various mortgage loans originated with the proceeds of this issue, maturity is not based on a fixed schedule. Accordingly, presenting a summary of contractual maturities is not considered appropriate.

The bonds are secured by an assignment and pledge of all right, title and interest of the Authority in the Series 2005 trust estate. The trust estate includes the underlying mortgage backed securities and pledged revenues, rights to the origination agreement and servicing agreement, and all moneys and securities held by the trustee.

Series 2003A Bonds:

Single Family Mortgage Revenue Bonds with an initial par value of \$10,000,000. The interest rate is determined on the last business day of each month by adding 0.01% per annum to the LIBOR index published by Bloomberg LP. The interest rate is subject to a maximum of 10% and interest is payable in monthly installments. The bonds can be redeemed at 100% of par value and have been redeemed with the proceeds from Series 2003B Bonds.

Series 2003B Bonds:

Proceeds from these Single Family Mortgage Revenue Refunding Bonds, Series 2003B will be used to refund the Series 2003A bonds and establish a fixed rate of interest to finance various components of the single family home mortgage program.

The Series 2003B that will be issued in multiple subseries. Collectively the various subseries will have an aggregate par value of \$10,000,000. The interest rate for each subseries is determined by Fannie Mae prior to issuance. The bonds are scheduled to mature April 1, 2037; however, actual

Total	<u>\$ 7,667,506</u>	<u>\$ 1,598,824</u>	<u>\$ 764,968</u>	<u>\$ 8,501,362</u>

To a large extent, maturity of the amounts presented above is influenced by the origination and collection of various mortgage loans financed with the proceeds of this issue. Since maturity is not based on a fixed schedule, presenting a summary of contractual maturities is not considered appropriate.

Security for the Series 2003B bonds consist of mortgage backed securities acquired pursuant to the Program and revenue produced by these securities will also serve as security for the bonds. The mortgage backed securities will be guaranteed as to timely payment of principal and interest by the Government National Mortgage Association or the Federal National Mortgage Association.

The Series 2003B bonds are limited and special obligations of the Rapides Finance Authority. These obligations are payable solely from receipts generated by the Authority's Home Mortgage Loan Program (the Program); however, certain exceptions to this restriction are provided by redemption provisions that are described as follows:

Mandatory Redemption:

From Pledged Revenues - Mandatory redemption, in whole or in part, is required on any interest payment date, when the collection of pledged revenue has exceeded amounts required to meet scheduled principle payments.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Rapides Finance Authority
Alexandria, Louisiana

We have audited the financial statements of the Rapides Finance Authority, as of and for the year ended July 31, 2006, and have issued our report thereon dated January 18, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in the *Government Auditing Standards* issued by the Comptroller General of the United States.

COMPLIANCE

As part of obtaining reasonable assurance about whether the Rapides Finance Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered the Rapides Finance Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be

detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of management. However, this report is a matter of public record and its distribution is not limited.
